## LEGISLATIVE SCORECARD

### WHAT IS PPVC & WHAT DO WE AIM TO DO?

Planned Parenthood Votes Colorado (PPVC) advocates for creating, improving and protecting reproductive health care access, effective comprehensive sex education, pregnancy and STI prevention policies, and Coloradan's rights to determine when and whether they become pregnant. In turn, PPVC challenges government interference in personal decisions that should be left to individuals and their families.

PPVC is a non-partisan, 501(c)(4) non-profit organization. PPVC is the advocacy and political arm of Planned Parenthood of the Rocky Mountains, Inc. (PPRM). We engage in educational and electoral activity, including legislative advocacy, voter education, and grassroots organizing to promote the Planned Parenthood mission.

### WHY DO WE DO A LEGISLATIVE SCORECARD?

Planned Parenthood Votes Colorado compiles legislative scorecards to educate and inform voters about the record of support for reproductive health and education of current members of the Colorado Senate and Colorado House. The information presented is based on votes on key legislation related to reproductive health and rights.

Colorado prioritizes reproductive health and continues to protect the right to safe and legal abortion care. Every Coloradan deserves access to the full range of reproductive health care, including abortion care, regardless of geography, ethnicity or race, disability, immigration status, family income, sexual orientation, or gender expression.

#### PROACTIVE LEGISLATION

These bills will improve access to health care for individuals and families in our state:

##### HOUSE BILLS

- **HB18-1370:** "Drug Coverage Health Plan" would have prohibited health insurance carriers from increasing copayment on, excluding, or limiting a drug under a health benefit plan if the drug was covered at the time the covered person enrolled in the plan. **PASSED.**

##### SENATE BILLS

- **SB18-027:** "Enhanced Nurse Licensure Compact" expands the existing nurse licensure compact which allows mutual recognition of nursing licenses between member states and requires all registered and licensed nurses licensed after July 20, 2017 to complete a fingerprint background check in order to participate. **PASSED.**

#### ANTI-DISCRIMINATION LEGISLATION

These bills will protect Coloradans from unjust discrimination:

##### HOUSE BILLS

- **HB18-1046:** "New Birth Certificate To Reflect Gender Change" would have allowed a person born in Colorado to update the gender designation on their birth certificate without a court order indicating that the person has had surgery. It would also have eliminated the requirement to issue an "amended" birth certificate. **FAILED.**
- **HB18-1245:** "Prohibit Conversion Therapy Mental Health Provider" would have prohibited a licensed physician specializing in psychiatry or a licensed, certified, or registered mental health care provider from engaging in conversion therapy with a patient under 18 years of age. **FAILED.**
- **HB18-1256:** "Sunset Continue Civil Rights Division And Commission" continues the division and commission through 2027. As amended, the bill requires the commission to include three commissioners from each major political party and one from another party and three members must represent the business community, and requires the commission to undergo a performance audit. **PASSED.**

# 2018

## LEGISLATIVE SCORECARD

### ANTI-REPRODUCTIVE HEALTH CARE LEGISLATION

During the 2018 session, we again saw numerous attacks on reproductive health care in Colorado. However, with the help of our coalition partners, we defeated all four anti-abortion bills. These attacks included:

#### HOUSE BILLS

- **HB18-1082:** “A Woman’s Right To Accurate Health Care Information” would have criminalized health care providers for performing abortions, established a 24-hour mandatory period and unnecessary ultrasound requirement, and required providers to give medically inaccurate information to patients with the goal of reducing access to abortion care. **FAILED.**
- **HB18-1120:** “The Prohibition Of Dismemberment Abortions” would have banned dilation and evacuation abortions and essentially banned second-trimester abortions. **FAILED.**
- **HB18-1121:** “No Funding Trafficking Aborted Human Body Parts” would have created serious barriers to lifesaving medical research by prohibiting higher education institutions from obtaining donated fetal tissue. **FAILED.**
- **HB18-1225:** “Protect Human Life At Conception” would have made it class 1 felony for any doctor to perform an abortion except to prevent the death of the pregnant person. **FAILED.**

### DISCRIMINATORY LEGISLATION

These bills that would have put Coloradans at risk of government-sanctioned discrimination were defeated:

#### HOUSE BILLS

- **HB18-1206:** The “Live & Let Live Act” would have allowed health care providers, adoption and foster care agencies, government officials, businesses, and individuals to claim religion or “moral conviction” while ignoring critical laws that protect LGBTQ people from discrimination. **FAILED.**

#### SENATE BILLS

- **SB18-220:** “Public Safety Protection From Sanctuary Policies” would have prohibited the state and other jurisdictions from “encouraging the harboring of an illegal immigrant,” among other hateful provisions. **FAILED.**
- **SB18-241:** The “Colorado Children First Act” would have enabled adoption and foster care agencies to discriminate against LGBTQ families. **FAILED.**

### BARRIERS TO HEALTH CARE ACCESS

These bills that would have created barriers to health care access:

#### HOUSE BILLS

- **HB18-1358:** “Health Care Charges Billing Required Disclosures” could have deterred patients from seeking care by presenting them with potentially inaccurate health care pricing, regardless of insurance coverage or payment plans, on provider websites. It could have further put patient privacy and safety at risk by requiring itemized bills to be mailed home. **FAILED.**

#### SENATE BILLS

- **SB18-214:** “Request Self-sufficiency Waiver Medicaid Program” would have created a variety of barriers to medicaid participating in Colorado, including directing Colorado’s state medicaid department to submit a waiver to the federal government requesting authority to implement employment and job application requirements for medicaid eligibility. **FAILED.**
