## 1 Mission

To provide, promote, and protect access to reproductive health care and sexuality education so that all people can make voluntary choices about their reproductive and sexual health.

**Activist:** someone who attended an event or has taken an action in the past year.

**Volunteer:** someone who has volunteered at an event at least two times in the past year.

**Donor:** someone who made a financial gift in the past year.

**Supporter:** someone in our database who supports our issues.

Thanks to our generous donors, we provided:

**\$5.1 million**

worth of **discounted** and **free** health care to our patients.

### At PPNNE, we believe that we all have the right to ...

- high quality health care & the ability to provide it without fear of harassment & violence;
- a voice in decisions that affect our families & our lives;
- knowledge about our bodies & sexual health;
- decide the most basic & fundamental question: whether or not to become a parent;
- make decisions about childbearing free of government intrusion

**... regardless of race, gender, sexual orientation, age, income, or zip code.**

Patients can access our care in-person at one of our 15 health centers or virtually through our Telehealth program. PPNNE also has a statewide presence across Maine, New Hampshire, and Vermont in outreach, engagement, and advocacy.
